## TE Connectivity

Product Change Notification: PCN-22-144249

PCN Date: 17-AUG-22

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

**General Product Description:**

HDP/HD Series Connectors

**Description of Changes**

The ICT business unit of TE is adding an alternate material for the pin front component of the part numbers listed below. Due to global colorant shortages the new material will be required to keep up with demand. The alternate material is black in color, and both the current material and new material are V2. UL re-certification on the connectors is in process. The current material will remain in use until stock is depleted. These PNs are TE proprietary designs, therefore considered catalog/general market product. PPAP and/or sample requests must be submitted within 14 days of PCN submission via ict-ppap-request@te.com or ePPAP system. Submission will not occur without request. If PPAP requested, disposition response is required within 14 days of submit date or it will be considered approved. Product drawings are not affected. Shipments of both configurations may be mixed.
