Product discontinuation

Dear Sirs,

We herewith inform you that further production of all variants of the following product can't be supported anymore:

AS8221 FlexRay Standard Transceiver
Ordering Code: AS8221-ASSP and AS8221-ASSM

As replacement we are pleased to offer a fully pin and package compatible successor device:

AS8222 Enhanced FlexRay Standard Transceiver
Ordering Number: AS8222-HSSP and AS8222-HSSM

This new device shows improvements in ESD performance and is the only FlexRay Transceiver which offers temperature ranges from -40°C up to +150°C ambient in packaged version.

For any further questions please contact Mr. Harald Gall (harald.gall@ams.com).

Best regards

ams AG
