

180511305 Si53305 Datasheet Update

PCN Issue Date: 5/11/2018

Effective Date: 8/16/2018

PCN Type: Datasheet

Description of Change

Silicon Labs is pleased to issue Revision 1.1 of the Si53305 datasheet. The following updates were implemented:

- 1) Updated minimum input frequency from DC to 1MHz
- 2) The language in section 2.3 was updated to prevent confusion of the voltage reference feature and corresponding reference to figure 3.

Reason for Change

The datasheet updates provide the corrected minimum frequency range specification and provide clearer descriptions to make the product easier to use.

Impact on Form, Fit, Function, Quality, Reliability

No impact on form, fit, function, quality and reliability of the product. Minimum frequency range was changed to correct a typographical error.

Product Identification

Si53305-B-GM

Last Date of Unchanged Product: 8/16/2018

Qualification Samples

n/a

Customer Response

Lack of acknowledgment of the PCN within 30 days constitutes acceptance of the change, Ref. JEDEC-J-STD-046.

To request further data or inquire about this notification, please contact your Silicon Labs sales representative. A list of Silicon Labs sales representatives is available at <http://www.silabs.com>.

Customers may approve early PCN acceptance by emailing approval, along with PCN # to PCNEarlyAcceptance@silabs.com

Disclaimer

Silicon Labs intends to provide customers with the latest, accurate, and in-depth documentation of all peripherals and modules available for system and software implementers using or intending to use the Silicon Labs products. Characterization data, available modules and peripherals, memory sizes and memory addresses refer to each specific device, and "Typical" parameters provided can and do vary in different applications. Application examples described herein are for illustrative purposes only. Silicon Labs reserves the right to make changes without further notice and limitation to product information, specifications, and descriptions herein, and does not give warranties as to the accuracy or completeness of the included information. Silicon Labs shall have no liability for the consequences of use of the information supplied herein. This document does not imply or express copyright licenses granted hereunder to design or fabricate any integrated circuits. The products are not designed or authorized to be used within any Life Support System without the specific written consent of Silicon Labs. A "Life Support System" is any product or system intended to support or sustain life and/or health, which, if it fails, can be reasonably expected to result in significant personal injury or death. Silicon Labs products are not designed or authorized for military applications. Silicon Labs products shall under no circumstances be used in weapons of mass destruction including (but not limited to) nuclear, biological or chemical weapons, or missiles capable of delivering such weapons.
